Need Case for: **Corbett Canyon Rd**

Existing Coverage

Proposed Coverage

The proposed Corbett Canyon Rd site is a coverage/capacity site which will add needed capacity to support the community of Arroyo Grande improving data services in the served area. The Arroyo Grande site is severely overloaded. Much of the community also has fringe coverage from our hilltop Arroyo Grande site far to the South. This site will improve 4G coverage along Corbett Canyon Road, Huasna Rd, and Eastern Branch Mill Rd.

Green=Good In-Building, **Yellow**= Good In-Vehicle, **Red**=Good on-Street.

Confidential and proprietary materials for authorized Verizon personnel and outside agencies only.

Material is not permitted to any unauthorized persons or third parties except by written agreement.
